FFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE, BANGALORE.

Circular dated 4—7th January 1952.

o

The Secretaries of all Multi-purpose
Co-operative Societies in the State.

No. 122—C.S. The undersigned has come across, during he course of his inspection of societies, instances where rticles like Chappals, Hair oils, Soaps, etc., have been urchased without any reference to the local requirements nd needs. It is also observed that the prices of some of these articles are very high. On account of these circumstances, such things have remained as dead stock and are likely to cause loss to the concerned society. The authorities concerned, while making purchases should bear in mind the local requirements and needs and also make enquiries before striking any bargain with the Agents who approach the Societies for purchasing their things. For instance, in many Societies, Chappals said to have been prepared at Koratagere have been purchased and it is complained that the prices of these Chappals are decidedly higher than the prices prevailing for similar Chappals elsewhere. Moreover, Chappals of this kind and other articles mentioned above are not really needed in the rural parts. It has so happened that the introduction of these articles through the societies has created a fresh and unnecessary need among the villagers. It is hoped that the societies will be more careful in making purchases and stocking things.

6671

Circular dated 4—7th January 1952.

To

The Secretaries of all Multi-purpose
Co-operative Societies in the State.

No. 123—C.S. It has been observed, especially in the case of Multi-purpose Co-operative Societies, that large sums of money are being spent for General Body Meeting expenses. There are instances in which even so large a sum as Rs. 400 has been spent for the General Body Meeting. It must be borne in mind that if they have earned high profits, it is mostly due to the several concessions that have been shown and granted by Government. On account of heavy sums of money so earned being spent in many cases for General Body Meetings, it has become necessary to issue the following instructions to limit this expenditure :—

1. Only the Certified Balance Sheet together with the allied statements should be printed for purposes of the General Body Meeting and an invitation to the General Body Meeting should also be printed on a portion of the balance sheet and the expenditure to be incurred for all this should not exceed Rs. 35. The report need not be printed. Printing of such Balance Sheets, etc., may be given up in the case of societies whose income is less than Rs. 100.

2. As regards lunch expenses, it should never, under any circumstances, exceed 4 annas per member present at the General Body Meeting. For sundry items, another sum of Rs. 5 may be spent. In the case of Societies whose income is less than Rs. 100 no expenditure should be incurred for lunch charges.

6672

Circular dated 8th January 1952.

To

The Hon. Secretaries of all Stores Co-operative Societies and other societies running Stores Sections.

No. 124. C. S. It is hereby notified for the information of the Co-operative Societies in the States that some of the Co-operative Societies have entered into business contracts with the following two firms with objects similar to Jupiter General Trading Corporation in spite of the fact that these firms are at no time recognized by this Department for carrying on business with co-operative societies.

1. Messrs B. Keshava Murthy, Dealers in Papers and Boards Stationery, etc., No. 68, III Main Road, Chamarajapet, Bangalore 2.
2. Messrs. Shastriar and Sons, Wholesale General Merchants and Commission Agents, No. TSA-42, Gavipur-Guttahalli, Basavangudi, Bangalore 4.

If the societies enter into any business terms with these firms, they do so at their own responsibility and risk. The immediate necessity for this circular is that instances have since come to notice wherein some of these firms are issuing printed appeals for purchasing their things and that things of inferior quality are supplied and higher rates are charged and also things are not supplied or supplied after much delay and correspondence. The societies have therefore to be very careful and businesslike in carrying on transactions with such firms.

K. THIPPERUDRIAH,
Registrar.
